Fussy and Fabulous – Fussy Cutting for Effect

Instructor: Janice Simmons

Fussy cutting is a technique class where participants learn to explore fussy cutting, creating spectacular blocks by allowing the fabric to do the work

Come join Janice and learn to fussy cut to achieve those spectacular effects in your blocks. Florals, stripes, and geometrics can be cut to provide fantastic effects. See how simple repeats can liven up your quilts. Learn why some fabrics are better for fussy cutting than others. See how secondary patterns are made. You will begin to look at fabric differently after this class.
